

DID YOU KNOW THAT ST MARY'S HAUGHLEY HAS DECIDED TO BECOME AN ECO CHURCH?

What does that mean? An Eco Church is where the congregation is concerned about caring for GOD'S CREATION.

Whether you are a churchgoer or not, we are sure that this is something you will also feel passionate about. So, we hope that you will want to find out more about our project. You can do this by picking up a leaflet in church or at our Post Office, or visiting the website Eco Church – An A Rocha UK Project

The project, in which the church can reach Bronze, Silver or Gold standards, is split into the following five sections:

Worship and Teaching
Our Buildings
Our Land
Community and Global Engagement
Lifestyle

Each section will be led by individuals who will make contributions to future Parish Magazines. Obviously, the sections that involve you, the community, are the last two. Two subjects to be covered in the future are: the Haughley Swift Project, which started the whole thing off, and the subject of buying Fairtrade. *Colin Hart*
