Looking ahead this requires us to review the current committee set up,, to include officers’ roles and member participation. Members present invited to view information boards prepared and presented by Marian and to make expressions of interest in helping out. This will be discussed further and outcomes shared. 6.2 Request for Members and their friends (not necessarily from our WI) to respond to a Call for Evidence to help shape the Regional Rural Transport Strategy. Follow-up information to be made available for Members. 6.3 Arrangements confirmed for next Lunch Club – August 3 rd at the Blue Boar, Walsham the Willows. Lots of interest as usual.
