

Haughley in Bloom

Since we last reported our progress to you, the Working Party have been working hard behind the scenes on your behalf to secure the relaunch and continuation of Haughley in Bloom.

We have:

1. Submitted a Locality Award application to Mid-Suffolk district Council to purchase and treat 14 new ½barrel tubs for Old Street.
2. Salvaged 10-14 ½barrel tubs, which will be brought back into use.
3. Purchased a number of railway sleepers, currently in storage, which will be made into new square plantars
4. Submitted a request for additional one-off parish funding to support the purchase of essential items for the re-launch programme.
5. Planted a number of spring bulbs

What we do next will largely depend on the overall funding, which is secured and how much support residents are willing to give us.

If you want to discuss the possibility of having a container positioned and planted up outside your home or business, please email me and I will get back to you.

Please be assured. An email will not place you under any obligation.

Yvonne Hannan,
Working Party Lead for Haughley in Bloom
